IN THE OFFICE OF THE STATE ENGINEER  
OF THE STATE OF NEVADA

ORDER

#1285

REQUIRING WATER USERS OF THE  
LITTLE HUMBOLDT RIVER  
AND ITS TRIBUTARIES TO INSTALL AND MAINTAIN  
HEADGATES AND MEASURING DEVICES

WHEREAS, Findings of Fact, Conclusions of Law and Decree were issued by the District Court of the Sixth Judicial District of the State of Nevada, in and for the County of Humboldt in the *Matter of the Determination of the Relative Rights in and to the Waters of the Little Humboldt River and Its Tributaries* in Humboldt and Elko counties.

WHEREAS, the Little Humboldt River and Tributary Decree provides "[t]hat water diverted for irrigation should be measured at or near the point where the main ditch enters or comes adjacent to the lands to be irrigated. Headgates should be maintained for the proper measurement of waters in the main ditches."<sup>1</sup>

WHEREAS, Nevada Revised Statute (NRS) § 536.010 provides that:

1. The owner or owners of any ditch or canal shall maintain to the satisfaction of the State Engineer a substantial headgate at or near the point where the water is diverted, which shall be of such construction that it can be locked and kept closed by the water commissioner.
2. Such owners shall construct and maintain, when required by the State Engineer, suitable measuring devices at such points along such ditch as may be necessary for the purpose of assisting the water commissioner in determining the amount of water that is to be diverted into the ditch from the stream, or taken from it, by the various users.
3. Every owner or manager of a reservoir located across or upon the bed of a natural stream or of a reservoir which requires the use of a natural stream channel shall be required to construct and maintain, when required by the State Engineer, a measuring device of a plan to be approved by the State Engineer, below such reservoir, and a measuring device above such reservoir, on every stream or source of supply discharging into such reservoir, for the purpose of assisting the State Engineer or water commissioners in determining the amount of water to which appropriators are entitled and thereafter diverting it for such appropriators' use.
4. When it may be necessary for the protection of other water users, the State Engineer may require flumes to be installed along the line of any ditch.

---

<sup>1</sup> *In the Matter of the Determination of the Relative Rights in and to the Waters of the Little Humboldt River and Its Tributaries in Humboldt and Elko Counties*, Case No. 3157, Sixth Judicial District Court of the State of Nevada, In and For the County of Humboldt, Finding of Fact XVIII, (May 9, 1935).

**NOW THEREFORE, IT IS HEREBY ORDERED** that all water users of the Little Humboldt River and its tributaries as identified in Attachment A of this order **shall install and maintain headgates and measuring devices by April 1, 2018.**

**IT IS FURTHER ORDERED** that pursuant to NRS § 536.030, if any person neglects or refuses to install the headgate, measuring device or flume, as required by NRS § 536.010, the State Engineer may, in the discretion of the State Engineer, install the headgate, measuring device or flume, as the case may be, and in the first instance charge the actual cost thereof to the water distribution account and thereafter present an itemized statement of the charge to the board of county commissioners of the county wherein the charge and expenses were incurred. The board of county commissioners shall thereupon present a bill for the expenses to the person liable therefore under this section and NRS §§ 536.010 and 536.020, and if that person neglects for 30 days thereafter to pay it, the bill and costs become a lien upon the lands and property of the person so liable for the payment of the bill, and must be collected as delinquent taxes against the lands and property are collected.

Failure to comply with this order will result in the filing of a complaint in the Sixth Judicial District Court of the State of Nevada for the County of Humboldt as set forth under NRS §§ 533.460, 533.475, 533.480 – 533.482 and 536.120 – 536.210.
